REPLACEMENT WINDOWS

EXCLUSIVELY FROM RENEWAL by ANDERSEN

It's time to fall in love with your home all over again.

Whether you're replacing your old windows because they're broken, drafty, or require too much maintenance, we know you have lots of questions. There are many considerations – glass, window frame material, style, hardware, color, and warranty to name a few. But most importantly, you want the job done right. You want it to be a smooth, easy process, and you want it to be done by a company you can trust – before, during, and after installation.

That's why you want Acclaim™ replacement windows, available exclusively from Renewal by Andersen. We offer a start-to-finish process. All you need to do is sit back and relax, knowing you made the right choice in window and door replacement.

The Renewal by Andersen Process is Easy...

Replace Old Expectations

We believe your Renewal by Andersen experience is about more than just windows. It's about caring for you and your home, every step of the way.

We own our entire process, from start to finish. What does that mean for you? It means we listen. It means we measure, we build, and we install. And it means we promise to stand by our product – today, tomorrow, and years into the future.¹

A Legacy That Looks to the Future

For more than a century, Andersen® products and patents have revolutionized the window and door industry. We pair that legacy of quality and innovation with a skilled team of specialists who are dedicated to making sure your window replacement is the best home improvement project you've ever done.

From Our Family to Yours

Your home is unique. It shouldn't be treated like every other house on the block. This is the place where you and your family make memories and celebrate moments, both big and small. We want to make sure your new windows suit your home life.

You want your replacement products to last, so whom you choose to do your project is important.¹ When you work with Renewal by Andersen, you know you'll get an exclusive product that is durable, customizable, and beautiful. And you know we'll take care of you – and your home – from start to finish, and beyond.

From consultation to installation, Renewal by Andersen offers one-company accountability backed by a legacy of excellence. We're proud to work with the best people, offer a superior, start-to-finish replacement process, and provide you with exclusive, industry-leading products. **That's Renewal by Andersen Signature Service.**

FEEL CONFIDENT TRUST YOUR HOME TO THE MASTERS

By working with the best people across the board, we're able to push industry installation standards to new heights. Our Certified Master Installers are the best team for the job – the team we trust to handle the windows built just for you. Rigorously trained, respectful, and friendly, you'll see why we're proud to call them Certified Master Installers.

A quality experience is in the details

We've long understood that all the care, pride, and craftsmanship we put into our products would mean little without professional installation. It's from these standards that we created our Certified Master Installer program.

Our standards are tough

Prior to certification, we require all trainers and installers at our certified locations to demonstrate their knowledge of construction materials, building codes, and installation methods. We understand you work hard for your home, and we want you to be as comfortable as possible throughout the installation process.

We take a unique approach

Not only do we provide a professional process from start to finish, our Certified Master Installer program takes this to the next level by placing your new windows and patio doors in the hands of skilled master installers with years of experience.

Only the best people make the cut

We take pride in setting the highest standards in the market, with no stone left unturned. This includes the people installing your windows. We're proud to put our name in their hands.

Made from the material that outperforms all others.

All of our Acclaim™ windows are made of Fibrex® material, a revolutionary composite made from reclaimed wood fiber blended with a polymer. This gives our windows the strength and durability of wood and the low-maintenance features of vinyl, while greatly limiting thermal transmittance that can be found in other window materials such as metal.

Unlike many other window materials, Fibrex composite material won't flake, rust, blister, peel, crack, pit, or corrode.² It is also two times stronger than vinyl and resists warping and bowing. So, you'll never need to scrape or paint your Acclaim replacement windows.

ENGINEERED WITH
FIBREX
MATERIAL

Smart Materials

Fibrex material is twice as strong as vinyl, so weathertight seals stay weathertight.

Color Choice

Our unique process fuses color to Fibrex material for long-lasting beauty. And it offers dark exterior colors not available on most other replacement windows.

Exceptional Comfort

Fibrex material blocks thermal transfer nearly 700 times better than aluminum to help reduce heating and cooling bills.

Outstanding Durability

Fibrex material retains its stability and rigidity in all climates.²

How Window Performance Is Rated

Energy Efficiency Rating

To help homeowners, in 1992 the National Fenestration Rating Council® (NFRC) established an independent third-party rating, certification, and labeling program for windows, doors, and skylights (fenestration products). Renewal by Andersen displays the NFRC label on all of its windows. This label means that the entire window unit has been rated and certified, not just the center of the glass or individual components. See our Energy Efficiency brochure for additional information.

ENERGY PERFORMANCE RATINGS	
U-Factor 0.26 (U.S./I-P)	Solar Heat Gain Coefficient 0.23
ADDITIONAL PERFORMANCE RATINGS	
Visible Transmittance 0.53	Air Infiltration 0.00

Manufacturers certify that these ratings conform to applicable NFRC procedures for determining whole product performance. NFRC ratings are determined for a fixed set of environmental conditions and a specific product size. NFRC does not warrant any product and does not warrant the validity of any product for any specific use. Consult manufacturer's literature for other product performance information.

Repel Invaders

Fiberglass insect screens are included with every operable Acclaim™ window from Renewal by Andersen. Each is lightweight and designed to be easily removed from the inside of your home for easy cleaning. All insect screens are constructed with an aluminum frame and your choice of fiberglass, aluminum, or our innovative TruScene® insect screens. Half insect screens are available on double-hung windows.

TruScene insect screens are like nothing you've ever seen!

High Transparency

TruScene® Insect Screen

With more clarity than our standard insect screen,¹³ it's virtually invisible. TruScene insect screens are made with a micro-fine stainless steel mesh that's one-third the diameter of standard screen wire.¹³ That lets more fresh air and sunlight in while keeping most of the smallest insects out.

Patented technology > Superior ventilation > Protection against some of the smallest insects > Lets more light in

White blinds are located between the panes of insulated glass, protected from dust and damage.

Cordless design to easily raise, lower, or tilt blinds for control of light and privacy.

Glass is easy to clean without the need to move the blinds.

Available on doors with white exteriors and unfinished pine or prefinished white interiors only. Not available on 200 Series Narroline® gliding patio doors.

GLASS OPTIONS

MAXIMIZE YOUR ENERGY SAVINGS.

Enhanced Comfort

At Renewal by Andersen, we'll help you sort through the details of glass heating and cooling performance, visible light transmittance, and ultraviolet (UV) protection to pinpoint the right window glass for you. Our windows take advantage of the newest technologies to help lower energy costs and keep your family comfortable.

Enhanced Triple Pane

Enhanced comfort, enhanced efficiency, enhanced design. An extra pane of glass helps keep the indoor temperature in and the outdoor temperature out, making this our most energy-efficient glass option.

Enhanced Triple Pane
An extra pane of glass helps keep more heat in and cold air out, making this our most energy-efficient glass option best suited for colder climates.

Enhanced Triple Pane with SmartSun™ Glass
Has the added benefits of our Low-E4 SmartSun glass.

Select Renewal by Andersen windows® with Enhanced Triple Pane glass have been recognized as the Most Efficient of ENERGY STAR® certified products in 2023.

High-Performance Glass

- Low-E4® SmartSun™ Glass**
SmartSun glass meets our highest standards in cool and hot weather performance. SmartSun glass blocks 95% of harsh UV rays that can damage drapes, artwork, and furniture.
- Low-E4® Glass**
Perfect where both heating and cooling costs are a concern, our Low-E4 glass helps keeps your home warmer in winter, cooler in summer, and blocks 84% of harmful UV rays.
- Low-E4® SmartSun™ Glass with HeatLock® Technology**
You get all of the benefits of our Low-E4 SmartSun glass plus an energy-saving glass coating that helps your living space feel warmer and more comfortable.
- Low-E4® Sun Glass**
For hot, dry climates with little shade or cloud cover, our Low-E4 Sun Glass utilizes a subtle tint to help block out heat from the sun, reducing cooling costs.

Enhanced Triple Pane

Strength

Our tempered glass option is heat-treated to be at least four times stronger than standard annealed glass.
